RISK ASSESSMENT FOR OUTDOOR ACTIVITIES – COVID-19

Date of Risk Assessment: 6 June 2020

Carried out by: Jenny Gallucci

Covid-19, also known as Coronavirus, can affect your lungs and airways and symptoms can be mild, moderate, severe or fatal. The main symptoms of Coronavirus are (NHS UK):

- **high temperature** – this means you feel hot to touch on your chest or back (you do not need to measure your temperature)
- **new, continuous cough** – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual)
- **loss or change to your sense of smell or taste** – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal

People over 65 and those of all ages with underlying medical conditions are more at risk.

During lockdown Houghton Regis Helpers suspended outdoor activities, including gardening and minor outdoor DIY jobs such as fitting key safes and fence repairs.

As of 5 June 2020, Government guidance for England states that individuals can spend time outdoors, including private gardens and other outdoor spaces, in groups of up to six people from different households, following social distancing guidelines.

NOTE: Outdoor spaces do NOT include outbuildings such as garages, garden sheds or greenhouses. Volunteers must not enter these indoor spaces while carrying out outdoor activities at a client's property.

Volunteers will read and agree to follow these risk assessment guidelines before accepting outdoor activities for clients and the Risk Assessment will be reviewed as and when Government advice changes.

Hazard	Severity of Harm	Who may be Harmed	Risk Factor	Control Measures	Further action required?
Spread of Covid-19 Coronavirus	Mild, moderate, severe or fatal	<ul style="list-style-type: none"> • Volunteers • Resident / client • Anyone else in household where work is being carried out especially vulnerable groups: Elderly, Pregnant, those with existing underlying health conditions 	HIGH	<p>Checking for Symptoms – checks will be made prior to volunteers carrying out outdoor activities on the day agreed that</p> <p>[a] the volunteer is not experiencing symptoms of Coronavirus</p> <p>[b] the client or anyone in the household is experiencing symptoms or is self-isolating due to a positive Coronavirus test</p> <p>Social Distancing – volunteer/s and clients and anyone else at the property will maintain social distancing at all times – a minimum of 2 metres apart. If the activity requires two volunteers to work in close proximity the job will not be carried out unless the two volunteers are members of the same household.</p>	<p>If on arrival at a job the client or anyone in the household is feeling unwell the volunteer/s will immediately leave the property.</p> <p>All clients will be made aware, and be asked to agree to, the risk assessment measures prior to the outdoor activity taking place. If the client or anyone in the household breaches the risk assessment the volunteer/s will immediately leave the property.</p> <p>No more than three volunteers will attend an outdoor activity. If the outdoor space is small then only one or two volunteers will attend.</p>

Hazard	Severity of Harm	Who may be Harmed	Risk Factor	Control Measures	Further action required?
Spread of Covid-19 Coronavirus	Mild, moderate, severe or fatal	<ul style="list-style-type: none"> • Volunteers • Resident / client • Anyone else in household where work is being carried out especially vulnerable groups: Elderly, Pregnant, those with existing underlying health conditions 	HIGH	<p>Stringent hand washing – volunteers to wash hands in soap and hot water for at least 20 seconds prior to arrival for outdoor activities and as soon as possible after the job. Handwashing at the client's property will not be possible unless a volunteer has an urgent need to use the toilet. If possible, a volunteer requiring the toilet will leave the property and return to their own home.</p> <p>Use of hand gel/sanitiser before and after activities is advised.</p> <p>Protective gloves to be worn throughout outdoor activities. Following their use, single-use gloves must be disposed of safely. Other gloves, such as gardening gloves, should be washed after use. Remember – <i>gloves are not a substitute for hand washing.</i></p> <p>Face coverings / face masks to be worn by all volunteers while at the client's property. Following their use, single-use masks must be disposed of safely. Re-usable face coverings should be washed after use.</p>	<p>Volunteers will not use indoor facilities at a client's property for the toilet except in an emergency. If it is unavoidable the volunteer must maintain social distancing while in the property. If the toilet is used the volunteer must wipe down all surfaces with hand wipes or sanitiser and follow hand washing procedures. Paper towels must be used and disposed of safely. No sharing of towels or other items belonging to the homeowner.</p> <p>Volunteers should avoid touching face / eyes / nose / mouth with unwashed hands and cover any cough or sneeze with a tissue then throw this in the bin.</p> <p>Volunteers are advised to change and wash clothing after visiting client's property to carry out outdoor activities.</p>
